DETAILED ACTION

Status of the Application

1. Receipt is acknowledged of a response to a non-final office action, which was dated on February 15, 2005.

Status of the Claims

2. Claims 1-14 and 21-22 are pending (renumbered 1-16).

Reasons for Allowance

3. Applicants claim a method for screening a sample of complex biological mixture using two size exclusion medium (e.g., SEC columns) wherein the target/ligand complex that is selected in the first size-exclusion step is subsequently "dissociated" (e.g., varying pH, salt, etc.) before applying the second size-exclusion step. The prior art of record does not fairly teach or suggest such a method. The closest prior art (i.e., Jindal et al.) teaches the application of a first and a second size exclusion step without an intermediate "dissociation" step. The dissociation that occurs in the Jindal et al. reference takes place during the second size exclusion step, not prior to the application of the second SEC column.

Salutation

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Jon D Epperson whose telephone number is (571) 272-0808. The examiner can normally be reached Monday-Friday from 9:00 to 5:30.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Andrew Wang can be reached on (571) 272-0811. The fax phone number for the organization where this application or proceeding is assigned is (571) 273-8300.

Any inquiry of a general nature or relating to the status of this application or proceeding should be directed to the receptionist whose telephone number is (571) 272-1600.

Application/Control Number: 09/920,435

Art Unit: 1639

Information regarding the status of an application may be obtained from the Patent Application Information Retrieval (PAIR) system. Status information for published applications may be obtained from either Private PAIR or Public PAIR. Status information for unpublished applications is available through Private PAIR only. For more information about the PAIR system, see http://pair-direct.uspto.gov. Should you have questions on access to the Private PAIR system, contact the Electronic Business Center (EBC) at 866-217-9197 (toll-free).
